JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

THE POLITICAL SCIENCE QUARTERLY

THE POLITICAL SCIENCE QUARTERLY, published for the Academy, is under the editorial control of the Faculty of Political Science of Columbia University, and is devoted to historical, statistical and comparative study of politics, economics and public law.

Its list of **contributors** includes university and college teachers, politicians, lawyers, journalists and business men in all parts of the United States, and European professors and publicists. It follows the most important movements of foreign politics but devotes chief attention to questions of present interest in the United States. On such questions its attitude is non-partisan. Every article is signed; and every article, including those of the editors, expresses simply the personal view of the writer. Each issue contains careful **book reviews** by specialists, and in March, June and December, large numbers of recent publications are characterized in brief **book notes**. In September is printed a valuable **record of political events** throughout the world.

Communications in reference to articles, book reviews and exchanges should be addressed to the managing editor, **Henry Raymond Mussey,** Columbia University, New York city. Intending contributors are requested to retain copies of articles submitted, as the editors disclaim responsibility for the safety of manuscripts. If accompanied by stamps, articles not found available will be returned. Members of the Academy receive the Political Science Quarterly without further payment.

All business communications should be addressed to THE ACADEMY OF POLITICAL SCIENCE, Kent Hall, Columbia University, New York.

Yearly subscription, including Supplements, five dollars; single number, not including Supplements, one dollar. Supplement containing Record of Political Events, one dollar. Back numbers and bound volumes can be obtained from the publishers.
